MPE & VCA

Myanmar Private Equity &
Venture Capital Association

Welcome to MPEVCA

The Myanmar Private Equity & Venture Capital Association is an independent, non-profit membership organization, dedicated to improving the vibrant venture capital and private equity industry in Myanmar.

Incorporated in May 2019, MPEVCA's founding members include the leading private equity and venture capital organizations operating in Myanmar, each of which has extensive experience working within Asia.

The Association provides a forum for promoting and increasing understanding about the role of venture capital and private equity in Myanmar's development. MPEVCA is also committed to promoting the work of its member firms among peers throughout Asia and beyond.

“The launch of MPEVCA is an important event for the financial services and investment community in Yangon and Myanmar. It marks a milestone in the development of the Myanmar economy since the country started opening up in 2012. The investment community has reached critical mass,”

Josephine Price, inaugural chair at MPEVCA and co-founder of Anthem Asia.

Our Mission

The member institutions of MPEVCA have come together to highlight the importance of venture capital and private equity to the economy in support of entrepreneurship, innovation and overall economic development.

Our Vision

MPEVCA's vision is to promote and nurture the training and professional development of private equity and venture capital professionals in Myanmar and build local and international market awareness about private equity and venture capital in the country. In addition, the Association acts as a platform to enable dialogue with both the government and industry stakeholders as well as build links with other regional private equity and venture capital associations and groups.

Becoming a MPEVCA Member

Full membership is for private equity, venture capital, and other investment firms with committed capital and that have made at least one investment in Myanmar.

Full members receive two complimentary tickets to events and training sessions organized by MPEVCA. Additional tickets available at Members' rates.

Associate membership is for professional service providers such as law firms, accounting firms, and others that are associated directly or indirectly with the VC/PE industry. A physical office in the country is not mandatory.

Associate members enjoy two complimentary tickets to all training events organized by MPEVCA. Members also have access to other events organized by MPEVCA.

Affiliate membership is for incubators and accelerators.

Overseas membership is for investors and managers of PE/VC funds who do not have a legal and physical presence in Myanmar but have made an investment in the country. Membership benefits are identical to those of Associate and Affiliate members.

MPEVCA Membership Benefits

Resources and News

MPEVCA provides unparalleled access to information, news, professional knowledge and trending ideas and events concerning the VC/PE industry in Myanmar. The Association collects industry data as well as details on completed deals in the country.

Networking and Collaboration

MPEVCA provides an opportunity to network, collaborate and coordinate activities with members engaged in different sectors of the VC/PE community. Members have access to members-only events as well as to a range of non-MPEVCA conferences, workshops and training held both locally and abroad at free or discounted rates. Additionally, all members are listed in the MPEVCA online membership directory.

Intelligence Sharing

Receive access to stakeholders across the investment industry including government, business, and supporting organizations in Myanmar, as well as the broader networks of other VC/PE associations in the region.

Dealflow

Enjoy increased deal flow with MPEVCA's deal share platform in which members regularly share potential deals among the group. Additionally, meet and connect with GPs and LPs from the region that are pursuing investment opportunities in Myanmar.
