# MPE & VCA

Myanmar Private Equity &  
Venture Capital Association

## Welcome to MPE&VCA

The Myanmar Private Equity & Venture Capital Association is an independent, non-profit membership organization, dedicated to improving the vibrant venture capital and private equity industry in Myanmar.

Incorporated in May 2019, MPE&VCA's founding members include the leading private equity and venture capital organizations operating in Myanmar, each of which has extensive experience working within Asia.

The Association provides a forum for promoting and increasing understanding about the role of venture capital and private equity in Myanmar's development. MPE&VCA is also committed to promoting the work of its member firms among peers throughout Asia and beyond.

## Our Mission

The member institutions of MPE&VCA have come together to highlight the importance of venture capital and private equity to the economy in support of entrepreneurship, innovation and overall economic development.

## Our Vision

MPE&VCA's vision is to promote and nurture the training and professional development of private equity and venture capital professionals in Myanmar and build local and international market awareness about private equity and venture capital in the country. In addition, the Association acts as a platform to enable dialogue with both the government and industry stakeholders as well as build links with other regional private equity and venture capital associations and groups.
